TORIES ENRAGED OVER CHURCHILL

LEADERS IN HOUSE OF LORDS SULK IN TENTS

RIFT APPEARS IN NEW BRITISH GOVERNMENT

Die-Hards Furious Over Selection of Winston Churchill as Chancellor of Exchequer.—Rough Sailing Ahead for Baldwin.

London.—The Tory die-hards are enraged at the appointment of Winston Churchill as chancellor of the exchequer and the London Post is breathing with fury.

Altogether, Baldwin is in for rough weather at the start of his voyage and his line seems to be to win the electorate for his own support by a program of social legislation.

Former Prime Minister MacDonald has left Downing street for his house in Hampstead and Mr. Baldwin has moved into his residence.

Sir Robert Horne, who is the leader of Scotch Tories and the best debator of the whole Conservative party, is furious at the slight put upon him by Prime Minister Baldwin in offering him a minor office, instead of the chancellorship of the exchequer, and it is announced that he will go to France on business, to be gone for several months, after the opening of parliament.

Lord Derby, who is the boss of Lancashire and North England, is another Achilles sulking in his tent because he has been left out in the division of offices.

That it is not all going to be plain sailing, even with an enormous majority, is already becoming evident. The trouble is that the majority is so big and there are so many individuals and interests to be taken care of that it will be impossible to satisfy all.

TWO CALIFORNIANS NAMED FOR FARM QUIZ BOARD

Washington. — President Coolidge has announced the personnel of the agricultural commission he has selected to investigate the problems confronting the American farmer. This commission will meet in Washington this month, and it is hoped that recommendation will be made by congress at its coming short session, opening December 1.

Those asked by the president to serve include: Former Governor Robert D. Carey of Wyoming; O. E. Bradfoot, Chicago, president of the American farm bureau federation; Charles S. Barrett, chairman of the national board of farm organizations, Union City, Ga.; Louis J. Taber, master of the national grange, Columbus, Ohio; Ralph P. Merritt, president Sun-Maid raisin growers, Fresno, Cal.; R. W. Thatcher, director of the New York experimental station, Geneva, N. Y.; S. C. Coffey, dean of the college of agriculture, University of Minnesota, St. Paul, and Fred H. Bixby, president of the American Livestock association, Long Beach, Cal.

WINTER SPREADS HER MANTLE OVER MID-WESTERN STATES

Chicago.—Sweeping out of the northwest where it brought snow and zero temperatures, winter made its first debut in Chicago en route east. A sharp wind howled its message of coming cold around corners. Thermometers dropped from 64 above to the freezing point during the night.

The first snow of the year has fallen in Omaha and parts of Nebraska. Railroad trains arriving at Omaha from the west were covered with snow.

On the heels of a heavy mist, winter settled down in Minneapolis and surrounding territory, bringing low temperature and blanketing the ground with three inches of snow.

Plane Maker Warns U. S.

New York.—R. G. Fokker, famous Dutch airplane manufacturer, arrived from Europe with a warning to the United States that it must awaken to realization of the importance of an adequate air program for warfare. Japan, according to Fokker, is engaged in an extensive plane building program under direction of the German engineers.

Herrick Gets 1-Cent Verdict

Washington. — Ex - Congressman Manuel Herrick of Oklahoma, was awarded 1 cent by the District of Columbia supreme court in his breach of promise suit against Miss Ethel Chrane, a government clerk. The same court awarded Miss Chrane a $7,500 verdict against Herrick for defamation of character.

AMENDMENTS NOT POPULAR IN WEST

NINETEEN OUT OF TWENTY-NINE ON BALLOTS DEFEATED

FAR WESTERN STATES' ACTIONS ON MEASURES

Summary of Important Measures Adopted and Rejected—Voters Generally Disapprove Changes in Constitution.

Chicago.—Voters of the middle west generally disapproved of proposed changes in state constitutions and other special propositions submitted to them in the general election.

Of the twenty-nine questions placed on the ballots in fifteen states, nineteen were defeated and ten approved. In some instances, counting the votes was far from complete, but the trend in each case was such as to indicate their ultimate acceptance or rejection.

Michigan rejected three constitutional amendments, the first abolishing all parochial schools, the second providing for a state income tax, and the last reapportioning the legislative districts. Minnesota, on the other hand, approved amendments to tax users of gasoline, the money going into the vehicle tax fund to build state roads and to provide for reforestration and forest fire prevention.

Missouri adopted a gasoline tax law and approved an amendment giving St. Louis the right to annex any part of St. Louis county, but defeated laws which would have provided for a workmen's compensation act, increase of the supreme court judgeships from seven to nine, exemption of religious and certain other property from taxation, a means of amending the state constitution, increase of legislative salaries and election of St. Louis aldermen by wards.

A $75,0000,000 road bond issue was rejected in Kentucky.

Illnois decided it wanted more roads and so voted its approval of a $100,000,000 bond issue for that purpose.

Kansas rejected a plan to compensate war veterans other than those who participated in the World war.

A variety of measures were adopted and rejected by the electorate in the far western states. By states, the most important measures acted on were:

California—Carried initiative measure legalizing 12-round boxing contests and creating state athletic commission to supervise boxing and wrestling contests. Defeated initiative measure provding for state acquisition, operation and maintenance of water and power projects with an eventual issue of $50,000,000 in bonds to take over existing power plants.

Arizona—Defeated all of the following proposals: To create a state racing commission; to provide a bond issue of $3,025,000 for a paved highway between Phoenix, Ariz., and Blythe, Calif.; to create a state highway commission to serve without salary.

Montana — Adopted an initiative measure for a revised gross metal mine proceeds tax. Retained the presidential primary law. Approved constitutional amendments for a state inheritance tax and revised qualifications for candidates for county superintendent of schools. Defeated a soldiers' bonus measure.

Colorado—Defeated a constitutional amendment to establish the office of state printer. Defeated a soldiers' bonus measure. Defeated a proposal to authorize the legislature to adjust salaries of state officers.

Wyoming—Defeated a constitutional amendment providing for a severance tax. Adopted a constitutional amendment providing for application of a portion of the permanent school funds to current needs.

Washington—All of the seven measures submitted were defeated decisively. They included a bill to compel parents to send their children to public schools, said to have been supported by the Ku Klux klan; a bill to prohibit manufacture of oleomargarine and filled milk; and two bills to permit cities to sell electric current outside their limits.

Oregon—Repealed the state income tax law.

Idaho—Voted on a constitutional amendment dealing with unappropriated public water and providing that the right to use it for beneficial purposes shall never be denied. The result of the election is still in doubt.

New Mexico—Results of the vote on measures in this state are not yet available.

Utah—This was the only far western state which voted on no measures.

Work for the Big Veteran Benefit Show Coming to San Jose Soon

WORTHY CAUSE DESERVES SUPPORT

In connection with their Relief Fund Drive, the local Chapter of the Disabled American Veterans of the World War have announced a monster benefit show, to be given at the Victory Theatre, in San Jose, Thursday evening, November 20. The Mission Players, of Santa Clara, under the direction of Prof. Chas D. South, have donated their services for this occasion, and are arranging to give their best performance. Their part of the entertainment will consist of several vaudeville numbers, a dramatic Irish play, and a minstrel show. By special request, the program will be further enhanced by the United Veteran Players of San Jose with the ever popular "Clouded Honor," by Fred F. (Doc) Wells.

Tickets for this entertainment may be secured in Campbell through the offices of this publication, or from one of our own disabled boys, Robert L. Williams.

The entire proceeds of this show will be diverted to the Relief Fund of the Disabled Veterans, a special fund recently set aside for the alleviation of the distress s oprevalent among the disabled returned soldiers. The committee from the D. A. V. is being assisted in the handling of this fund by the following board of Trustees: Chairman, D. M. Denegri, City Councilman of San Jose, and prominent business man; Chas. E. Tainter, of the Tainter Realty Co., P. H. Thompson of the Mercantile Trust Co., and W. E. Edmondson, former State Chaplain of the American Legion.

Golden State
News of Interest to All

Members of the Society of California Pioneers protest the reported extinction of senior pioneers of this state. There is one member who first saw California in 1846 and seven others who saw it in 1849. The roster of living senior life members includes, Samuel Brannan, jr., San Diego, who dates from July 31, 1846; James P. Taylor, Oakland, April 1, 1849; J. H. P. Gedge, San Rafael, May 17, 1849; H. S. Tibbey, Seattle, August 1, 1849; Titus Hale, Piedmont, September 1, 1849; Jules Auradou, Healdsburg, September 14, 1849; A. A. Louderback, San Francisco, September 15, 1849, and Henry L. Byrne, San Francisco, October 31, 1849.

Attorney General Webb revised his opinion given in October, in a decision rendered to Orrin J. Lowell, district attorney of Placer county. Corporations, the stockholders of which are Japanese or others ineligible to citizenship, may legally own agricultural lands in California, notwithstanding the alien land law of 1913, the land act of 1920 and the 1923 amendment, provided ownership vested in the corporation prior to 1913.

California is letting opportunity slip in not exerting greater effort to develop a commercial hinterland in the Rocky mountain states, says F. G. Bonfils, widely known publisher of Denver. Residents of the Rocky mountain states have a warm place in their hearts for California and would welcome any aggressive efforts on the part of their people to develop trade relations.

Graduates of chiropractic schools won their fight to compel the state board of medical examiners to issue them licenses at San Francisco. Superior Judge Johnson decided in favor of two graduates of a chiropractic school, in their suit against the board. It was a test case affecting the interests of all chiropractors.

The epidemic of pneumonia plague in the Mexican colony at Los Angeles took a total of thirty deaths. The total number of cases since the flare up October 19 is thirty-six. The situation is favorable but no chances are being taken and quarantine measures will be rigidly enforced until the disease is stamped out.

A permanent organization that will study the question of the political merger of San Francisco and San Mateo counties was formed at a meeting held in Redwood City. An active campaign for amalgamation will not be started until the organization body has completed a thorough study of the situation.

Six buildings were razed, the main offices of the Santa Barabara Telephone company destroyed and two score automobiles and trucks were burned by a fire which threatened destruction to a large portion of the business district of that city and did damage estimated at approximately $100,000.

The King Corporation, a $5,000,000 company with headquarters at Santa Barbara, filed incorporation papers with the secretary of state and filed an intention to engage in an extensive farm development work, including construction of private railroad, highway, telephone and telegram systems.

The California minimum wage law for women will be investigated by Miss Mary Anderson, director of the women's bureau of the United States department of labor, who is now in the state. An action to test the constitutionality of the law is now pending in the supreme court.

"Nibs" Price was named varsity basketball coach of the University of California by the executive committee. He succeeds Earl Wight, who will become physical director at Fresno state teachers' college. Price is assistant football coach and was also freshman basketball mentor.

Both the navy and war departments will sanction the construction of a bridge across the Golden Gate, and as soon as some comparatively minor details can be disposed of a probably favorable decision will be forthcoming.

In an address before the Rotary club at Marysville, State Forester M. B. Pratt made a plea for safeguarding the oak trees which line the new Garden highway between Sacramento and Yuba City.

An unidentified youth of schoolboy age shot and killed himself on the desert near Needles while surrounded by a posse hunting him and a pal for an attempted holdup of a Needles bakery wagon.

MORELAND CLUB TO FINISH HOME

The Moreland Goodwill Club met Wednesday, November 5, with Mrs. Zettle.

Mrs. Goden read an article on "The Boer War and the Reconstruction.'

There was considerable discussion of ways and means of earning money to complete the club building and a generous sum was added to the fund as the result of the dinner and dance held recently.

A very pleasant social hour followed.

The next meeting will be with Mrs. Holtum, of Payne Avenue, on Wednesday next at which time the members are urged to bring suggestions for making money.

Armistice Day was brought to mind of the townspeople at 11 o'clock Tuesday morning, when the Geo. E. Hyde Co.'s plant whistle called a halt to operations for five minutes. All the help left their work and assembled on the east platform, hats in hand, for five minutes at attention. Workers later expressed their appreciation of the opportunity afforded by Mr. Hyde for them to show their spirit. The J. C. Ainsley plant declared a holiday for the day, and it is hoped that next year all in the nation may observe the day as should be.

Four Stanford candidates for a Rhodes scholarship from California are T. A. Bailey of San Jose, a history graduate; Charles E. Beardsley of Los Angeles, senior law student and president of the student body; Northcutt Ely, law graduate, and Walter G. Hays, a senior in the law school. These men were selected from among eight applicants.

By raising 812 quarts of strawberries on one-twentieth of an acre the past summer, Miss Elsie Artz of Hegins, near Pottsville, Pa., won nation-wide fame. Letters are pouring in to Miss Artz from all over the country asking her "how did you do it?"

AUTUMM FESTIVAL

An evening of supper and song will be held in the Congregational Church, Friday night, November 21.

The musical program will be furnished by Homer De Witt Pugh, tenor, director of the choir of the First Presbyterian church of San Jose. Mr. Pugh needs little introduction to Campbell audiences, for he has made several previous visits here, and the high quality of his work is well known.

Mr. Pugh spent three months last summer as a student of music in Chicago, and at the conclusion of his course gave a recital at the Hickox Studios. The Chicago musical journals gave glowing accounts of his performance and spoke in high praise of his "warm, sympathetic voice of exceptional high range." They spoke of his "lyric purity", his high "technical equipment", and his "brilliant, dramatic strength." According to the record, his recital was the climax of the Chicago musical season.

The churches are this year bringing to Campbell what is perhaps the best series of entertainments ever staged here. The recent program put on in the Grammar School Auditorium by the Boulevard Players of Oakland was a splendid success. Expressions of satisfaction were heard on all sides at the conclusion of the last play. Mr. Tupper was surprised and pleased at the large and sympathetic audience.

Mr. Pugh's program at eight o'clock should fill the Congregational church to its capacity. There will be a silver offering for the building fund at the door.

But the musical part of the program is not all. The young people of the church are preparing a bountiful supper to be served in the church parlors at 6:30 and 7:30 preceding the recital, at 35c per plate. The evening is well named an Autumn Festival, and promises to be one of the most pleasant affairs of the season. Everyone is invited.

CARLISLE-RAY

Miss Florence Carlisle, daughter of Mrs. C. E. Case of this city, was married to Mr. Lester Ray at Santa Rosa on November 2.

Miss Carlisle has been teaching at Pacheco near Concord for the past few years and Mr. Ray is employed by the Shell Oil Co. at Martinez, where they will make their home.

Mrs. Ray is known to a number of Campbell people as she made her home here while attending Teacher's College and has spent several vacations here.

Friends of herself and family extend their good wishes for her future happiness and success.

GRAMMAR NOTES

Supervisor I. R. Abbott reports a very good record for the second month of school. The attendance totals 11,214 days with 275 days absence, making an attendance of 97.60%. There are now enrolled in the school 615 in all, 43 in the kindergarten and 572 in grammar grades.

The teachers and pupils of the domestic science department of the Grammar school will serve a chicken-pie dinner in the cafeteria, Wednesday evening, November 19. This informal dinner is being given as a benefit for the new stage curtain recently hung in the auditorium and will be supervised by Miss Rowena Farman, domestic science teacher.

Election Pleases Mrs. Harding

Marion.—Mrs. Warren G. Harding was jubilant over the overwhelming victory of Calvin Coolidge. She heard election reports by radio. Mrs. Harding's condition is much better, but cannot be said to be out of danger.

Campaign Fund Quiz to Wait

Washington.—Investigation of expenditures in the presidential campaign will not be resumed until after congress convenes next month. The committee plans to draft legislation to limit expenditures in the future.

NEW PAVED ROAD LEADS TO CAMPBELL

The new road from Campbell to Los Gatos is now completed and is another asset to this section of the valley. This highway is becoming more and more popular and releaving the traffic over the state highway east of town.

It was some months ago that Campbell's road committee took up the matter of paving this heavily traveled road with the civci bodies of Los Gatos and Santa Clara and with the Board of Supervisors. Mr. Cooley in whose district this road is, has done a good turn for this section by supporting the project and when the Board granted the petition for paving he immediately set about the job.

Our local committee, after securing portions of right-of-way at the corners, were influential in getting Mr. Cooley to pave the rounded corners which means so much to the autoist. Now that all the work is done and Campbell has another paved road into town, a sincere vote of thanks is hereby extended to Supervisor Cooley and the local committee directed by Chairman S. N. Hedegard.

ENJOYABLE DINNER MAH JONNG PARTY

Among the outstanding social events of the season was the dinner and mah jongg party Friday evening at which Mr. and Mrs. E. R. Kennedy were delightful hosts.

Covers were laid for twenty-four, at small tables seating four. A color scheme of mandarin prevailed, with the Chinese motif in decorations, flowers, and accessories effectively carried out.

During the interim between the courses humorous songs were sung by D. H. Cramer and H. C. Smith, and Warren Shelley read a very mirth provoking description of a man prevailed upon to "sit in" at a game of mahjongg.

The charmingly appointed dinner was served by Dorothy Taylor, Virginia Lenox, Helen Stray and Helen Alison.

Following the dinner the tables were arranged for the popular Chinese game with a partnership plan of counting scores, which, at the final reckining gave Mrs. M. E. Kennedy and H. C. Smith the head prizes and Mrs. J. C. Ainsley and D. H. Cramer the consolations. All of these gifts were unique articles especially designed as prizes for mah jongg parties.

CAMPBELL LIBRARY BENEFIT NOV. 22

Arrangements are being completed for the Campbell Library benefit by the pupils of Vaudine Putnam Sanders. The committee in charge, Mrs. C. B. Miracle, Mrs. E. C. Merrill and Mrs. L. S. Miller, has set November 22 as the date of the performance and those who have seen these little tots are looking forward to a real treat. This will be held in Campbell's new auditorium.

The Campbell Library, the pride of then entire county, which was built by popular subscription is maintained by popular support. The community will be given the opportunity of helping this deserving institution and at the same time get their money's worth from the entertaining program.

ELLIS PRESTON WEDS

Miss Claudia Rider, of San Jose, and Ellis W. Preston, were very quietly married in Redwood City, Wednesday afternoon, November 5.

Mr. and Mrs. Preston returned to Campbell at once and are at home to their friends at the Preston home on North First St. The felicitations of their friends are extended Mr. and Mrs. Preston.

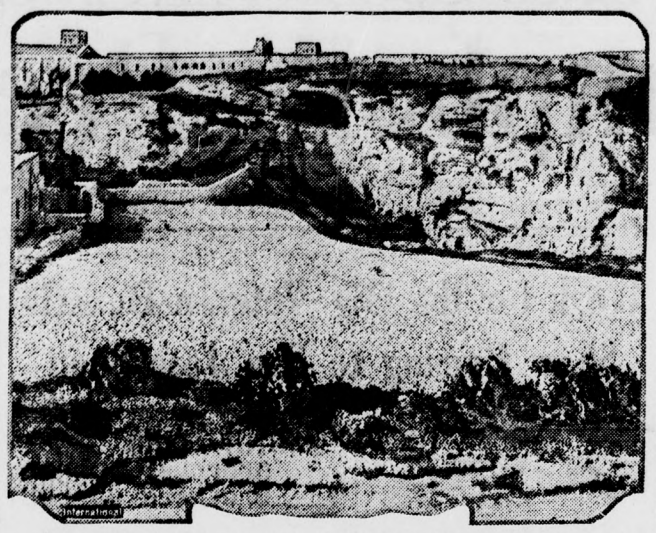
The plan to organize the California state council of retail merchants is meeting with favor throughout the state. The following organizations have pledged their aid: California Development association, California Retail Fuel Dealers association, Retail Dry Goods Merchants association, Los Angeles; Retail Dry Goods and Garment association, Oakland; Madera Business Men's association, Ukiah chamber of commerce; Oceanside chamber of commerce, Pasadena Merchants association, Sacramento Retail Merchants association, San Jose Merchants association, Santa Rosa Credit bureau, Visalia chamber of commerce and Long Beach chamber of commerce.

Is Veritable Tomb of Christ Found?



Just outside the Damascus gate of Jerusalem and in Golgotha, "the place of the skulls," shown above, recent discoveries may identify the veritable tomb of Christ. The finding there of a shrine of Venus bears out the theory that Emperor Hadrian built a temple of Aphrodite over the tomb.

HE WORKED FOR HIS COMMUNITY

Frank Wiggins, who for 27 years served as secretary of the Los Angeles Chamber of Commerce, is gone. He was familiarly called "the man who build Los Angeles." But not because of that does the nation mourn his loss, or perhaps we should say, the men who knew him and of him through commercial organization work. It is because he was a true servant of the people. He could have built any other city. We worked, slaved, toiled and suffered. His was a hard job—a difficult task—making the world believe his story, and getting his own citizens to rally round the civic shrine with the marked devotion that he always maintained. But Frank Wiggins won. In the early nineties he began to paint the picture of California, here then, as the rest of the world told him, were "humming birds and barren hills."

At the ripe age of 74 he has answered the call. Had his field of work been enlarged, had he been at the helm of broader undertakings, those who knew him say he would have been equal to the task. It is because of the work Frank Wiggins did for his community—a work that is closest to the hearts and interests of all—that he should not go unsung.

LAWS FOR THE AIR

With the airplanes encircling the globe, airships spanning continents and oceans, with pleasure and other aircraft becoming as "thick as flies," more attention will have to be given to the subject of air traffic by our coming legislature. The problem in many respects promises to become more serious than even our present street and highway complications.

It will take the combined efforts of legal and mechanical minds to solve the difficulties that soon will become the subject of far-reaching legislative action, to be followed by judicial interpretations. It is none to early to think of this. It has taken twenty years to formulate plans to make the automobile safe for humanity, and we are still engaged in the process.

THEY CAN'T WORRY US

Now we have it that in the year 3000 there will not be room upon the earth to hold the people if the present increase of population continues.

Interesting reading, to be sure; but the world and the people on it have a peculiar habit of adjusting itself and themselves to conditions. We used to think we had to have a ten-room house for a family of five, or perhaps six or seven. Now we crowd into two and three-room apartments ,and still have room for the cat and a loud-speaker for the radio. But why worry about the year 3000?

Mrs. Miller Passes Away Suddenly

The community received a decided shock Tuesday when Clarence Silva received a cablegram telling of the death of Mrs. A. R. Miller at Honolulu Monday. Mrs. Agnes Benefiel and Miss Ruth Miller sailed with the remains Wednesday and are due to arrive the first of the week. Arrangements are being made for interment at Cypress Lawn.

The family has many friends in the community who are very much grieved at their loss and extend heartfelt sympathy to the sorrowing family. Those who survive are Mr. A. R. Miller, Ruth, Vernon and Bennie.

Two weeks ago Mrs. Miller went to Honolulu to join her daughter, Ruth and sister, Mrs. Benefiel. Shortly after her arrival she was stricken with another heart attack from which she was unable to recover.

A GLORIOUS WIND--UP

For Canned Foods Week

NO prophet is without honor save in his own country.

What have you done about the home-town specials offered for Canned Foods Week? We've been trying to display a little business pep. As a matter of duty, we've piped unto you; but you haven't danced.

But some have; and the rest had better get into action mighty quickly or they'll be sorry. Too late, when prices are higher, they'll realize what they missed.

There's that JHN Tiny Sugar Corn that we've been broadcasting over the community for 20c a can. Just as sure as shooting it's going up to 25c. The dozen price this week is only $2.28.

And those JHN Medium Peas—before they go up, order a dozen at $2.28.

Or buy six of each for $2.28. Or four of one and eight of the other for $2.28.

See that J H N special list in the window or on the counter.

Any canned foods not on the list, one can free with twelve—thirteen for the price of a dozen.

We'll be accommodating. You may have six of one kind and seven of another, for the priee of a dozen.

We'll be liberal. You may have three each of three kinds and four of another, for the price of a dozen.

We'll be reckless. You may have two each of five kinds and three of another for the price of a dozen.

We'll go downright crazy. You may have thirteen different kinds, if at the same price retail, for the price of a dozen.

Take hold!

Town Tales Tersely Told

Leland Lancaster of Turlock visited his parents here Saturday.

Leland Lancaster motored over from Turlock for the week end with relatives.

Mrs. Clare Bryant is here from Richmond with her parents, Pa and Ma Isham.

The Country Womans' club will meet Monday, November 17, at 2:30 o'clock. Program at 3 p. m.

Ernest Hoeler and C. B. Miracle went over into the San Joaquin Saturday duck hunting but found very poor picking.

Mrs. Easton Carter and children were down from Palo Alto to spend the week-end with Grandpa and Grandma Duncan.

Miss Ruby Crow who is assistant in the sanitarium at Burke, Sonoma Co., is visiting her mother, Mrs. Flora Crow.

Mr. and Mrs. W. C. McCaughey of Sunnyside Ave., parents of Mrs. T. A. Robinson are much improved from their recent illness.

Mr. and Mrs. Chas. Thompson (nee Olga Evans) are receiving congratulations on the birth of a 10½ pound son, who was born on election day.

Work on the L. E. Eddleman house on North Second street is progressing rapidly and it is about ready for the finishing wood work.

Leslie Driesback has joined the block force at the Gilson Market. He has had previous experience in the work and is quite efficient in the "cutting up" business.

Next Friday evening Campbell music lovers will have the pleasure of hearing Mr. Homer De Witt Pugh and Mrs. E lizabeth Aten Pugh in a concert at the Congregational Church.

Campbell is a wonderful place to come back to as evidenced by the influx of friends at the least suspicion of a holiday. This week end Misses Helen Baugh, Bozena Kalas and Laura Blaine were home.

In the Santa Clara-Nevada game Saturday, Ray Hulsman, the Campbell representative on the Bronco squad made the Saints only touchdown, which with the kicked goal tied the score. We will hear more of Hulsman from now on.

Gordon Ainsley is having a cement composition floor laid in his new store adjoining the Polly anna. Extensive alterations and new fixtures have completely metamorphosed the store, in which the bakery department of the Pollyanna will later be housed.

Mrs. W. R. Coupland has had word from her son-in-law who was so seriously injured some weeks ago, that he will be up soon as the physician has sent for the support for his back. Mrs. Pabst is spending this week with him as yesterday was their wedding anniversary. Mr. Pabst is making a remarkable recovery.

J. M. Williams and R. L. Williams have traded their property on Kennedy Avenue for a three and a half acre orchard on Jonathan Avenue in the Willows. Mr. Williams is building a house there and when completed they will move there to make their hame. The Williams family have lived here for a number of years and will leave a wide circle of friends and acquaintances.

Courtland Watson, accompanied by Mr. and Mrs. E. A. Barker, Mrs. Wm. Dorety and Joe Gomez, left Tuesday morning for Los Angeles. The Barkers will remain with their sister-in-law for some time, but after a week Courtland and Joe will go on to Arizona where they will camp and tour around. Joe will remain a few weeks only, but Courtland plans to spend the winter. Mr. and Mrs. Watson have returned to Empire, and Cloyd Barker is staying at the O. G. Burns home during the absence of his parents.

FOR RENT — 4-room cottage, at Seabright, near car line. $6 per week; $15 per month; $3 week-end. No. 43 North Second St., Campbell, Calif.

FATHERS' NIGHT

The Campbell Grammar school will hold its first Father's Night of the year Friday evening of this week in the school cafeteria. A good dinner will be served at 6:30 o'clock after which there will be speaking, singing and other forms of entertainment.

The club has been fortunate in securing Mrs. Derman, the Nation- Vice President, as one of the speakers. As this gathering is not for the purpose of raising money there will be no charges. The sole object of the meeting is to get those who are interested in the welfare of the children to come to the meetings and discuss the problems of the child of today.

We want all parents to come and meet the teachers of their children. Come and help boost the P. T. A. for cooperation of parents and teachers will make better children and better communities.

The dues of the Parent Teacher Association are fifty cents a year and it means so much to the school to have everybody a member.

MEMBERSHIP WANTED

The Campbell Union High School P. T. A. met Tuesday afternoon at 3 o'clock. A program in keeping with Armistice Day was given after which a business session was held.

It was decided to have a food sale at Gilson's Market, Saturday, November 22, the proceeds of this sale to be used to fix up the girls' rest room. It was also decided to have a membership drive as the co-operation of all the parents is desired and more interest is anticipated if you are a member. So please if you are a parent of a high school student get back of the P. T. A. and help them put things over.

AMERICAN EDUCATION WEEK NOV. 17-23, 1924

By designation of the President of the United States the week beginning November 17, will be celebrated as Education Week, for the purpose of bringing educational problems to the attention of the people. Churches, lodges and civic organizations are asked to co-operate with the National Educational Association, the American Legion and the United States Bureau of Education in making this observance a nation-wide success.

The following program is suggested:

Constitution Day.— Monday, November 17, is designated as Constitution Day, the central idea being "The Constitution—The Bulwark of Democracy and Happiness."

Patriotism Day.—Tuesday, November 18, "The United States Flag is the living symbol of the ideals and institutions of our Republic'.

School and Teacher Day—Wednesday, November 19, "The Teacher—the guiding influence of future America."

Illiteracy Day.—Thursday, November 20. "Informed intelligence is the foundation of representative government."

Physical Education Day.—Friday, November 21, "Playgrounds and athletic fields mean a strong, healthy nation."

Community Day.—Saturday, November 22, "Service to the Community, State, and Nation is the duty of every citizen."

In the bulletin issued by the American Legion urging its members to participate in the observance of the week, each day's program is accompanied by one or more slogans which are very good:

Nov. 17.—Ballots, not bullets.

Nov. 18.—America first.

Nov. 19.—Better trained and better paid teachers and more adequate buildings.

Nov. 20.—No illiteracy by 1927. It can be done.

Nov. 21.—An equal chance for all children—a sqare deal for the country boy and girl.

Nov. 22.—A sick body makes a sick mind. Playgrounds in every

Nov. 23.—Education in the home. Education in the school. Education in the church. Godly nation cannot fail.

The Campbell Tailoring Co. can save you from $10.00 to $15.00 on your next suit or overcoat made in Campbell. Don't forget our cleaning and pressing department. Albert Borsch, Mgr. Phone Campbell 31W.

W. C. T. U.

Carrying an invitation for the National Woman's Christian Temperance Union Convention to meet in San Franicsco in 1925, Mrs. Addie Garwood Estes of Berkeley, president of the W. C. T. U. of California, started Friday, November 7, for Chicago, to attend the National Jubilee Convention of the W. C. T. U. in the Medinah Temple, Chicago, Illinois, November 14-19. Besides the beautiful American Flag belonging to the State Organization, Mrs. Estes carried a large Bear flag, and thousands of California poppies, to be distributed to the many delegates from all over the United States.

Telegrams of invitation to San Francisco will also be sent by Mayor James Rolph, the Conventions and Tourists League of San Francisco, the Chamber of Commerce of San Francisco, the Rotary Club, the Advertising Club, and the Down Town Association of San Francisco. The convention will meet if these invitations are accepted, in June 1925.

Mrs. Anna Marden De Yo, of San Francisco, and Mrs. Ina A. Orvis, of Madera, State corresponding secretary and State treasurer of the organization, left with Mrs. Estes, and other delegates will follow.

Two thousand people felicitated the Rev. Father John M. Cassin, for thirty-four years rector of St. Rose's church, Santa Rosa, on the attainment of his golden jubilee of ordination as a priest. He was a central figure in a great public reception. People of all creeds crowded the building to hear eloquent tributes paid the pastor by Mayor C. O. Dunbar in behalf of the city, and by Congressman Clarence F. Lea and Supreme Justice Emmet Sea-Hanna.

Women Legislators

Omaha.—Two women will sit in Nebraska's new lower legislative house when it convenes, the first of their sex to obtain places in either house. They are Clara Humphrey, Republican, who will represent eight counties of the western part of the state, and Mabel Gillespie, Democrat.

Heavy Toll Taken in Storm

New York.—Three persons dead, nine were missing and shipping was recovering from a sudden squall which gave New York a foretaste of winter.

Great Awakening Is Coming to This Man

There's a certain member of the Hollywood Athletic club who didn't know what he was getting into, when he joined. It seems that his wife took a great fancy to the beauty parlor, and when she discovered that she could go there as often as she pleased and merely sign a tab, she got the habit bad.

Hubby, being a busy man, had not gone to the club, and thinking that the bills at the end of each month were merely announcements of coming events, he never opened them. Finally he did open one envelope, and it chanced to be a letter telling him that no more service could be extended his wife until the account was settled.

After inspecting the bill, he decided that this was great news and sent the club a letter of thanks.—Los Angeles Times.

Approximately 230,000,000 barrels of petroleum will be produced by California oil wells during 1924, according to an estimate forwarded to the California Development association by the petroleum committee of the Pacific coast regional advisory board. The estimate is based on an actual production for the first six months of this year of 118,108,412 barrels. Although the figures represent somewhat less production than for 1923, due to abnormal conditions of that year, they show a material increase over the twelve months of 1922, indicating a steady annual increase in production.

A test suit to determine whether persons shall be permitted to retain wine which has fermented from grape juice they pressed with the permission of the internal revenue department, was filed in the Yuba county superior court and carried to the supreme court for final decision. District Attorney Ray Manwell has announced. Nick Miroyannis was arrested and 125 gallons of wine confiscated by police recently. He pleaded that he had a government permit to make the wine and the case was dismissed. The wine was returned, but later seized and is being held until the matter is settled.

Twenty thousand California school teachers are to be aided by radio in their job of getting 600,000 children to be punctual in attendance at school. A series of weekly programs furnished by the state board of education and broadcast by KGO, are expected to be so interesting that children will want to be at school in time to hear them. Schools throughout the state are reporting great enthusiasm for the new venture.

BILL BOOSTER SAYS

ATHLETICS HAVE THEIR PLACE IN OUR SCHOOL AND THEY SHOULD, FOR THEY STIMULATE HEALTHY COMPETITION, PROMOTE GOOD HEALTH AND BUILD UP A SCHOOL SPIRIT. BECAUSE THEY TAKE UP A LITTLE SCHOOL TIME OCCASIONALLY IS NOTHING AGAINST THEM. ALL WE LEARN DOES NOT COME FROM BOOKS

The University of California Samuel W. Heller memorial flower prize will be awarded by the Pasadena Horticultural association this year, the awarding society being chosen on the basis of reputation in the raising and judging of the particular species of flower selected by the board for the annual competition. This competition will be confined to chrysanthemums, on which the Pasadena horticulturists are considered authorities. The prize, representing the interest on a $5,000 fund, is given on the basis of points. Five points are allowed on each new variety originated within the state. Last year the prize was captured by J. A. Carbone, Berkeley, for the best orchid raised in the state.

The third and fourth heading on the great Florence lake tunnel was "holed through," October 30. The tunnel is the largest in the world of its bore and cost approximately $17,000,000. The remaining sections will "hole through" in February and March and then the waters of the upper San Joaquin river will be diverted over forty miles from their natural course and will flow from Florence lake under the 10,000 foot Kaiser mountain into Huntington lake.

PRES. COOLIDGE ISSUES PROCLAM'T'N

President Coolidge has issued this proclamation setting aside Thursday, November 27, as Thanksgiving Day.

"This year has been marked," the President said, "by a continuation of peace whereby our country has entered into a relationship of better understanding with all the other nations of the earth. Ways have been revealed to us by which we could perform very great service through the giving of friendly counsel, through the extension of financial assistance and through the exercise of a spirit of neighborly friendliness to less favored peoples. We should give thanks for the power which has been given into our keeping with which we have been able to render these services to the rest of mankind.

"At home we have continually had an improving state of public wealth. The production of our industries have been large and our harvests have been bountiful. We have been free from disorder and remarkably successful in all those pursuits which flourish during a state of domestic peace. An abundant prosperity has overspread the land. We shall do well to accept all these favors and bounties with a becoming humility, and dedicate them to the service of the righteous cause of the giver of all good and perfect gifts. As the nation has prospered, let all the people show that they are worthy to prosper, by rededicating America to the service of God and man."

CHEST DRIVE SOON ON IN COUNTY

Final preparations are going forward this week for San Jose's third annual Communnty Chest appeal, which opens next Monday and continues until November 26. The budget committee has estimated that $136,416.86 is the minimum amount necessary to operate the agencies belonging to the Chest for another year and it is the aim of the campaign organization to secure a sum greatly in excess of this amount to adequately take care of the budgets of the various agencies.

The Campbell Community Council is one of the agencies affiliated with the Chest. A budget of $3000 has been provided for it for the coming year. This amount covers the work of various Campbell agencies and also includes a sum for services rendered residents of Campbell by other Chest agencies. The Campbell council under the direction of C. H. Whitman has set $3000 as its quota in the campaign.

"It's Everybody's Job" is the slogan that has been adopted for the Chest campaign and an effort is being made ti enlist a larger number of contributors in the campaign than gave last year. Twelve thousand subscribers is the mark set by Campaign Manager Walter L. Bachrodt.

"In soliciting Community Chest funds," stated Bachrodt, "we are not begging but are selling social service. It is to the advantage of the entire community to see the Chest a success and that is why it is the duty of every man, woman and child to participate in the campaign."

Campaign headquarters are being maintained at the Chest offices in the San Jose Chamber of Commerce building.

At a meeting of the Campbell Council Monday evening Mr. W. C. Bohnett was selected as campaign manager for the campaign and is now busy choosing his captains for the seven districts.

Lieutenant Commander Butler Y. Rhodes, executive officer of the U. S. S. Rappahannock, was almost instantly killed at Vallejo when he fell through an open hatch while looking for the body of George Clark, missing seaman. Rhodes' body was found beside that of Clark, who apparently met his death in the same manner. Rhodes' foot slipped as he peered down the hatchway.

B. F. Jakobsen, San Francisco hydraulic and electrical engineer, received notification from the American Society of Civil Engineers that he won the Norman medal, which is the highest annual award of that body, for a paper entitled "Stresses in Multiple Arch Dams." The medal will be publicly presented at the next annual meeting of the society in New York city.

David C. Stephenson

David C. Stephenson of Evansville and Indianapolis, Ind., is said to be responsible for the vast network system of the Klan in the United States. He is thirty-two years old, financially independent and unmarried.

J. A. Gosper, United States engineer, and ten experts have taken soundings and borings of the bottom between McNear's point in Marin county and Point San Pedro in Contra Costa county, and if the report to be completed three months hence proves the plan of damming and reclamation sound, San Pablo Bay and all waters beyond will become the biggest fresh water reservoir in America. This is a new idea in the project to dam the salt bay waters from the Sacramento river, first considered by the U. S. reclamation department several months ago, when it was expected to place the structure at the lower end of Suisun bay near Martinez. Recently the men behind the Sacramento and San Joaquin reclamation scheme proposed to place the dam below San Pablo bay and make that entire body of water a fresh lake. The engineers maintain it will be cheaper to make the combined concrete and rock fill at McNear's, where an unlimited amount of rock available. Better control of flood waters during the freshet season also would be maintained, it is said. The dam would be nearly two miles long, with locks to provide for the passage of vessels.

Some of the activities of the California Development association have been compiled in an informative pamphlet, and is now being distributed throughout the county. Among the ten major activities listed in the booklet are authoritative facts on the agricultural and industrial situation, and an industrial directory, listing all manufacturing concerns in the state and other products, and the associations expansion from 600 to 4,000 members in three years.

Some 300 graduates arrived at Stockton for the opening of Home-Coming day of the College of the Pacific. Governor Richardson and Mrs. Richardson were among the guests, and Mrs. Mary Brooks of Sacramento, the oldest graduate of the school, member of the class of 1858, was in attendance as an honor guest. Appellate Justice Richards and State Senator L. L. Dennett, both alumni, spoke before the gathering of graduates.

Emil Phiel, Oakland motorman, who lived in a $10-a-month room in Emeryville, left an estate of $34,700 when he died in Oakland on October 18. Three bank books showed deposits over a long period of time. A will found, naming his mother, now dead, the beneficiary, is to be probated in favor of a sister, Mrs. Pauline Hellmuth, of Los Angeles, and Augusta, Anna and Emily Phiel, all sisters, living in Germany.

William P. Richards, arrested at Sacramento, has been identified by the clerks of the three banks as being the bandit who robbed the institutions of approximately $28,000, but it is believed the branch bank of the Bank of Italy at Woodland will take precedence in the prosecution, as Richards is alleged to have had more than $9,000 wrapped in paper bearing the imprint of the bank at the time he was arrested.

George Martin of Fresno was named general chairman of the 1925 state realty convention committee at a meeting of the board of directors of the Fresno Realty Board. Herbert Levy was named chairman of the finance committee. The 1925 gathering, secured for Fresno at the recent convention of the California State Real Estate association at Pasadena, will be held from October 7 to 10, inclusive.

Automobile speeders take a toll of seventeen children under the age of 15 years every month in California, according to averages compiled by the state board of health. Figures for the first eight months of 1924 show a total of 136 deaths of children through accidents.

Losing their appeal to the supreme court, John Ferdinand, John Sears and Jack Ceregac, convicted slayers of Charles A. Chapman during a holdup at Los Angeles a year ago, were sentenced for the second time to be hanged.

Nation'l Canned Foods Week Nov 8-15

The harvest is home

The Choicest Delicacies of every Season and Clime have been gathered and preserved for yor table.

November 8th to 15th has been set apart as National Canned Foods Week, because it is the time when wise home-keepers can lay in their winter's supply of canned foods to best advantage.

In most homes every week is canned foods week. The list of appetizing and nutritious foods put up in cans is being constantly enlarged. There is an immense variety of both food staples and specialties which, thanks to the can, are available in season and out.

Now is the best time to buy your canned foods

With thousands of grocers everywhere co-operating in this National Canned Foods Week, an unusual opportunity is offered to secure just the brands and varieties you want, in quantities to last you thru the winter months and at favorable quantity prices.

Buy in quantities--by the case
